FROM THE CHAIRMAN OF THE BOARD

The Independence Economic Development Council provides support for business growth and creates a catalyst for the economic vitality of Independence. Created in 1983, this public/private partnership strives to deliver good stewardship and leadership driven by the active participation of our stakeholders. In turn, our stakeholders benefit through the opportunity to “get their foot in the door” first; and in knowing that their participation positively affects economic growth which increases the business potential that benefits everyone.

I encourage you to join our 180+ private sector investors who see the value in being a partner with the EDC. Together we can achieve our goals of enhanced economic prosperity throughout Independence.

ENGAGING BRINGS VALUE TO YOUR INVESTMENT

As an investor with the Independence EDC, you are not only a stakeholder but also a vital member of our team. As a team, we work together to be successful and achieve the EDC goals while enhancing economic opportunities for your business.

A great opportunity to network is our quarterly lunches. Meet other business leaders, elected officials and decision makers who can help you connect to business opportunities

Join us online every 2nd Tuesday of the month at 8:30 am as our staff shares the latest project updates and answers your questions. A recorded version is also provided for anyone not able to join live.

The Independence EDC awards the Independence Business Awards in the spring of each year. Businesses are invited to nominate themselves or others in 7 major categories and for iNpact awards

You can join our business retention team and go out with our staff and meet with local businesses. It's a great way to develop new business relationships.
